

One Voice Project Analysis

Brainstorm

- Outline ideas, issues, concerns, and projects within the Region.

Breadth of Project

- Determine if project is applicable at local, state, region, multi-region (cross several regions) or National level. National level projects will move to Advisory Committee for more detail.

Analyze & Prioritize

- Identify resources – tools, best practices, local contacts & knowledge, similar case studies & projects, and prioritize (if there are multiple projects). Decide if this project should be recommended to Advisory Committee.

Create Plan

- Develop timeline, deliverables, how this is going to impact OHV Community. Assign specific tasks and outline expectations to participants.

TAKE ACTION

- Work together, modulate when needed, and keep communication open. Action = Results. Determine if end result needs national attention.
